

**100 Pound Hammer: D. Wooley
Cotton States Music Publishing, BMI**

Got a hundred pound hammer, swinging steel,
Good looking woman, she got sex appeal.

Hundred pound hammer, she can have any man,
I got nothing but a pretty good hand,
Sometimes nothin' is a pretty good hand.

Got a hundred pound hammer, swinging steel,
Good looking woman, she got sex appeal.

Late at night when the lights are low, She makes me work it like a V8 Ford.
I ain't complain, I go back for more, She makes me work it like a V8 Ford.

Instrumental Break:

If the job was easy it'd be done by boys,
She makes it easy she brings here own toys.
