Know what I'm sayin' , D. Wooley
Cotton States Music Publishing, BMI

My hand on the throttle keeping it real
hammer down on the lady of steel.

Cruise down the blacktop - highway 1
Me an my baby on a county-line run.

Lock it down into cruise control
Take my body but leave my soul.

Can it go faster, I don't know
I just came down here to see the Shoe show.

You know what I'm sayin -- You know what I'm sayin babe
Man you know what I'm sayin.

Some of my buddies couldn't be here
they're down to county – line doin a day to a year.

um I'm holdin onto trouble both of my hands
Keep it tween the ditches an call it a plan.

Handfull of trouble I'm keeping it real
Hammers down on the lady of steel.

You know what I'm sayin -- you know what I'm sayin
Damn man You know what I'm sayin.
