

**I got the right combination, D. Wooley
Cotton States Music Publishing, BMI**

I got a turbo ford, with a big V8,
don't wanna be at your house late,
pretty as you are, I know you got 10 men,
So I'm gonna take you places baby you never been,

I got the right combination,
I got the right combination,
I got the right combination, baby
and I'm gonna be your man

I'll take you places baby, you never been,
show you heaven baby, show you sin,
show you everything from A to Z,
when I get through, you'll be in love with me.

I got the right combination,
I got the right combination,
I got the right combination, baby
and I'm gonna be your man.

Instrumental break;

Your moma told ya be in bed by 10
I said you'd be in bed, way before then,
so lay back baby, hold on tight,
drive you home in my ford tonight.

I got the right combination,
I got the right combination,
I got the right combination, baby
and I'm gonna be your man.
