

World of Trouble, D. Wooley
Cotton States Music Publishing, BMI

Well I'm in a World of Trouble, so low I can't see the top of the ground
I'm in a World of Trouble, so low I can't see the top of the ground.
Every step I take, I'm goin' down, down, down.

I'm in a World of Trouble, whole world's upside-down.
In a World of Trouble, since my baby started runnin round.
Every where I go, I'm goin' down, down, down.

Instrumental break;

I'm in a World of Trouble, so low I can't see the top of the ground.
I'm in a World of Trouble, so low I can't see the top of the ground.
People look at me, they shake their head and turn around.

Instrumental break;

I'm in a World of Trouble, so low I can't see the top of the ground.
I'm in a World of Trouble, so low I can't see even the top of the ground.
Every step I take, I'm goin' down, down, down.
